EDUCATION

Shri Ramdeobaba College of Engineering and Management   Nagpur, MH
Bachelor's of Engineering in Computer Science and Engineering (Data Science) | CGPA: 8.53   2020 – Present

Taywade Junior College   Nagpur, MH
Class 12 | Percentage: 79.08/100   **Apr 2020**

EXPERIENCE

Solar Industry Limited | Data Analyst Intern   **Oct 2022- Apr 2023**
- During my internship, I developed a dashboard using Python and Flask to perform real-time analysis on time series data. Additionally, I conducted analysis on time series data to uncover insights and trends using Tableau, Excel, and Word Used Yolo detection tool for annotations
- Developed a dashboard for analysis
- **Technologies**: Python, Flask, Tableau, Excel, Word, Yolo object detection

Persistent | Martian Summer Internship Program 2023   **Jun 2023-current**
- Virtual internship program focused on computer science fundamentals such as Linux, DBMS, DSA, Python.

AICTE | Eduskills | Virtual Internship Cloud Internship   **Dec 2022-Feb 2023**
- Completed a virtual internship program focused on AWS Cloud and gained experience in cloud computing concepts, AWS Cloud services, and cloud security.

PROJECTS

Web3Locker- Document Storing Web Application in web3.0 **[Github Link]**
- Worked on a full-stack, cross-platform application with the aim of storing documents in secure way
- Can share documents using minted domain

Vehicle Brand Detection Using Yolov8 **[Github Link]**
- Developed an advanced in-vehicle brand detection model using Yolov8 and Streamlit for the frontend. We were able to create a seamless experience for brand detection in vehicles
- Created our own data for training purpose.

SKILLS

Skills: Python, Java, C, Java Script, SQL, Excel, AWS   **Databases**: Oracle (SQL)
Frameworks:React   **Platforms**: Windows, Linux (Ubuntu)
Tools: PowerBI, Tableau

ACHIEVEMENTS

SSC Exam
-Got Second rank in ssc exam in school

CERTIFICATIONS

-Cisco Netacad | Programming Essentials in Python
-Coursera | AWS Fundamentals
